suitable for other installation heads

thumbs up icon
Bacterial inhibition + microfiltration + chlorine abatement

Microfiltering cartridges for good, drinking water every day.

No more bad smells, chlorine, or other harmful contaminants.

It protects equipment by clarifying the water, reducing deposits and rust, particles down to 0.5 microns.

Equipped with Carbon Block structure + silver ions to provide bacteriostatic action.

CODE	MODEL	DESCRIPTION	FLOW RATE	AUTONOMY MAX	DIMENSIONS in mm	
			Lt/min	Lt	Ø	H
CARGENTS	RIVER/CAS	Cartridge Argento/ Small 11.000 liters approx.	3	11.000	80	269
CARGENTM	RIVER/CAM	Cartridge Argento/ Medium 17.000 liters approx.	5	17.000	80	384

MICRO-FILTRATIONS, OSMOSIS, CARBONATORS, REVERSE OSMOSIS

PERFECT FOR DRINKS

STOP PLASTICS

IDEAL FOR COOKING

EASY REPLACEMENT
